

ANNUAL REPORT TOWN OF DUBLIN, NEW HAMPSHIRE

FOR THE YEAR ENDING DECEMBER 31, 2009

FRONT & BACK COVER PHOTOGRAPHS

Although it may seem like it will never happen, the Traffic Calming Project is near at hand. The *Front Cover* aerial photograph, taken in 2009, shows the area that will be transformed. The Oval will be increased in width and re-landscaped, new sidewalk installed, the Dublin Police Department, Yankee Publishing, and AVA Restoration entrances will be slightly reconfigured, and there will be a proper crosswalk from Yankee to the Town Hall entrance porch. And yes, The Rock will be moved across the street and placed just off to the west side of Town Hall, where it will occupy a new place of honor.

On the *Back Cover* the same area is shown in a 1949 aerial photograph, although from a slightly different direction. One can see that most of the buildings we know today are still there. Old Dublin Hands will enjoy identifying some buildings that are not:

The IGA/Gleason's Store

Gilman's Garage

The Emerald (just barely visible behind Town Hall)

Also notice the number of trees that have sprung up over the decades

Interesting to note how much red paint has crept into the picture.

Incorporated: 1771

Origin: This township was first granted by the Masonian Proprietors in 1749 as Monadnock Number 3, or North Monadnock, one of a group of eight towns in the region designated by number. Settlements were made in the 1760s by several from Ireland, who named the township after the Irish capital. In 1771, petition was made for incorporation under the name Dublin, securing the name. Dublin is home to Yankee Publishing, Inc., publishers of well-known magazines such as Yankee and the Old Farmer's Almanac, in publication since 1792.

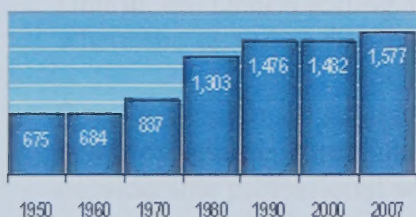

Villages and Place Names: Bonds Corner

Population, Year of the First Census Taken: 901 residents in 1790

Population Trends: Population change for Dublin totaled 807 over 50 years, from 675 in 1950 to 1,482 in 2000. The largest decennial percent change was 56 percent between 1970 and 1980, accounting for over half of the 50-year numeric population change. The 2007 Census estimate for Dublin was 1,577 residents, which ranked 157th among New Hampshire's incorporated cities and towns.

Cheshire County

Population Density and Land Area (NH Office of Energy & Planning): 55.2 persons per square mile of land area. Dublin contains 27.9 square miles of land area and 1.1 square miles of inland water area.

IN MEMORIAM

Anne Currier Steinert Anable
February 18, 1932 – February 19, 2009

Annie served as a member of the Board of Selectmen from 2005 to 2008 and as Chairman during her last year. At the time of her death, she was President of the Dublin Historical Society, Ballot Inspector for Town elections, member of the Conservation Commission and the Open Space Planning Committee, and staff writer for the *Dublin Advocate* (and had been for 10 years). Previously, she had served as Town Welfare Officer and as a member of the Planning Board and the Board of the Friends of the Library. She was a long-time member of the Garden Club of Dublin, the Dublin Riding and Walking Club, and the Monadnock Eastern Slope Association, where she served on the Board of Directors from 2003 to 2006.

Spending childhood summers in Dublin, she moved here full-time in 1994 and quickly became involved again in community life. She was an ardent supporter of Dublin and used her considerable professional writing and networking skills to help the Town. Her advice was fair, perceptive, and often wise. Her combination of hospitality, resilience, and sense of humor remain unmatched.

IN MEMORIAM

Nellie A. Crossley
November 27, 1918 – November 15, 2009

By the time she was honored at the 2005 Town Meeting as Citizen of the Year, Nellie Crossley had spent many years shepherding Dubliners from elementary school to adulthood. Moving to Dublin in 1950 as a young bride, she quickly embraced the Town and looked for ways to serve her new community. To many of Dublin's youngsters she was the "Lunch Lady" at Dublin Consolidated School and served on the Dublin School Board for 11 years. Her work took her to higher education at Dublin School where she was Secretary and School Bursar.

From 1970 – 1983, she was Town Treasurer and Secretary to the Board of Selectman. Her love of reading prompted her participation as a Library Trustee for 45 years and her helping found the Friends of the Dublin Public Library. She was a tireless volunteer for the Library (even into her later years) who organized book discussions, worked on the annual Book Sale, and attended most of the library programs and movies. Membership in the Library's Memoir Writing Group encouraged her to write her life story for family and friends. Her investment with the written word served her in good stead as a staff member on the *Dublin Advocate*, a position she held for 10 years, from the paper's beginning.

Nellie was a gifted gardener who freely shared her bounty of both flowers and vegetables. A self-effacing, properly-attired gentlewoman, she possessed a wicked sense of humor that was both quick and rapier sharp.

BOSTON POST CANE RECIPIENTS

Warren L. Fiske	1909-1918
Hiram Carey	c.1943-1960
Henry D. Allison	1960-1963
Jacob Rajaniemi	1963-1964
Phillippine Lehmann	1968-1970
Maude Craig	1980-1986
Margaret Tuttle	1986-1987
Frank McKenna	1987-1989
Emmeline Beardsley	1991-1993
Esther Matchett	1993-1995
Leslie Bailey	1995-2000
Beatrice Fairfield	2001 (refused cane)
Beekman Pool	2002-2004
Doris Haddock	2005-

In 1909 Edwin Grozier, the Publisher of the *Boston Post*, distributed gold-headed black ebony canes to a select list of New England towns (Dublin was a recipient) as an advertising campaign. The Cane was to be presented to the Town's oldest citizen.

A September 1960 letter from Henry D. Allison to Joe Harrington of the *Boston Sunday Globe* (in response to holders of the *Boston Post* Cane), reveals that Mr. Grozier summered in Dublin in the early 1900's. Mr. Allison, as a real estate agent, had rented Mr. Grozier a house.

The list above has been compiled from the Town's scant records on the subject. If anyone knows who received the Cane before 1943 and during the 1970's, that information would be most appreciated.

BOARD OF SELECTMEN

As 2009 began, Dublin began cleaning up debris from the Ice Storm. It was expected that this would cost all of \$150,000, but when the bids came in, the low bid was far less than that. The project was finished for just over \$90,000, of which FEMA reimbursed the Town approximately 75%.

Shortly thereafter, the Cemetery Expansion Project went out to bid, and work continued throughout the year. The year closed with the project completed, a remarkable job planned and supervised and with labor contributed by volunteers, made possible by a gift of land from Peter and Theresa Imhoff.

As spring arrived, we looked for the best price on heating oil. Our membership in the regional Road Agents Meeting enabled Dublin to purchase fuel oil very economically. We will continue to encourage this group to expand savings to regional towns through coordinated purchases including plow blades, crack-sealing services, culverts, and more.

In May, we hosted the annual Regional Selectmen's Meeting. The speaker was Kelly Beatty, from the International Dark-Sky Association, who explained graphically the economic and safety aspects of fully-shielded lighting and the dangers of over-lighting on the environment and public safety.

Selectmen and the Town Administrator travelled twice to Concord to meet with Department of Transportation officials regarding our original Pedestrian Safety Project grant, especially to unravel new complex funding requirements. The DOT grant award turned out to be about half of our original request. Consequently, after meetings with our Transportation Committee, Police Chief, and the Town's engineering firm, we have focused our available funds on the area surrounding the Town Hall Oval, "Phase 1" of the Pedestrian Safety Project. As this is written, final approval for construction is only a few weeks away. We expect to put Phase 1 out to bid in March and that the work on the area around the Oval will be completed this summer.

To fund "Phase 2" at Old Common Road, we have applied for an additional grant. We will not know by the time of Town Meeting if our application is approved – available Federal funds are currently dwarfed by the requests from towns across the state. If we do receive a grant, work would occur in 2011. This grant will require a 20% contribution from the Town, which would be the only cost to Dublin for our entire Pedestrian Safety Project.

"Phase 3" of the project is the focus of our current Safe Routes to School grant request. This grant would fund an ADA-compliant crosswalk at the Dublin Consolidated School, as required by the State, and sidewalk and curbing to the school entrance. If we receive the grant, the Dublin Highway Department will rebuild the sidewalk from Town Hall to the new crosswalk at DCS. We should know the fate of this application by Town Meeting.

As summer ended, the Board of Selectmen began reviewing budget requirements for the next year. We worked with the Budget Committee to create a schedule that allows the BOS to make budget recommendations over several weeks, giving the Committee more time to review each one – rather than waiting until the BOS has reviewed the entire budget before sending its recommendation to the Committee.

In recommending a budget to the Committee, the BOS carefully examined expenditures, including the salaries of Town employees. We recommended raises of 2.5% for employees and raised compensation for the Police Chief, Town Clerk, Town Administrator, the Welfare Administrator, and the Emergency Management Coordinator to be comparable to rates in other towns. The BOS also reevaluated the Code Enforcement Officer position, deciding to hire a part-time, on-call person in order to save the Town several thousand dollars a year.

Health care and retirement costs are increasing. We examined health care costs in several meetings with the Local Government Center and subsequently with employees. (The LGC is a collective that bundles health insurance for many NH towns, seeking low and fair rates.) After considerable study, we offered a choice of plans to employees, increasing slightly their contribution in an effort to afford premium health care at the most reasonable cost to taxpayers.

The current recession has increased the number of Dublin's welfare applicants. The Town is fortunate to have trust funds that pay for some of this welfare expense. In 2009, \$25,000 of the total expense came from these funds and did not have to be charged to taxes.

Throughout the year, we are grateful for the many citizens who join together to help Dublin thrive. These many volunteers provide numerous hours in service to the Town. The Conservation Commission is spearheading an effort to develop a park on Town land adjacent to Howe Reservoir that it hopes to complete this summer. It continues distributing communities of purple-loosestrife-eating bugs in the hope they will gorge themselves and eventually eliminate this invasive plant. It's also formulating a strategy for minimizing stubborn knotweed.

Selectmen asked the Recycling Committee to study single-stream recycling, which it has done thoroughly. It recommends that Dublin not follow this route, at least not now. The Garden Club continues to maintain flowers, trees, and planters along Main Street. The Dublin Lake Preservation Committee's periodic water analysis continues to show a mainly healthy lake, but pinpoints problem areas, which are being corrected. The Dublin Safety Committee has caught (and we have corrected) problems in several Town buildings. The Recreation Committee did another fine job for our kids this past summer, and our School Board Representative has worked tirelessly throughout the year to help produce a responsible school budget and bond in a difficult time.

All these, and more, we salute. The "more" includes the indomitable Budget Committee, the vigilant Planning Board, and the stalwart Zoning Board of Adjustment. Without volunteers, Dublin just wouldn't work. We are always in need of individuals who would like to give some of their time to the Town so please consider what you might do to make your town a better place in the future. We all love Dublin and we have to be prepared to work hard at keeping it the great place that it is.

Respectfully submitted,

Edward B. Germain, Chairman
Sterling Q. Abram
Charles F. Champagne

WELFARE

Using the Elizabethan-era “poor laws” of England as a model, the General Assembly of the Province of New Hampshire passed a law in 1679 requiring towns to support those who “shall stand in need of releef.” The State of New Hampshire enacted legislation in 1777 to further enumerate the responsibilities of towns regarding those in need. These responsibilities were managed by an official who was usually elected at Town Meeting. This continued into the mid-20th century when these responsibilities passed to the Select Board or its appointed person.

The first record in Dublin’s Archives documenting the Town providing assistance to its citizens (and travelers) is dated 1779. In the Town’s early years, assistance provided was clothing, firewood, food, medical care, and transportation. These correlate to the type of assistance provided today: heat and utilities, food, medical care, transportation if necessary, and housing.

Persons coming to the Town for assistance are treated with respect, and all exchanges are confidential. When first requesting assistance an individual fills out an application form, using guidelines provided by the NH Local Welfare Administrator’s Association. The applicant’s income for the previous four weeks is examined and verified. Allowable expenses (housing, utilities, food, medical care, and other expenses at the Welfare Administrator’s discretion) are subtracted from the income and, if there is a deficit, the Town must provide assistance to the applicant (per NH RSA 165). Applicants receiving assistance from the Town agree to repay the assistance provided, if and when their financial situation changes.

Funds for welfare assistance in Dublin currently come from two sources: from four Trust Funds left to the Town specifically for relief and from the budget, as approved at Town Meeting, for the balance needed. The Trust Funds range in date of bequest from 1873 to 1969. Dublin is fortunate to have these resources.

The financial situation in 2009 was a difficult one for many people. Nationally, the unemployment rate in 2009 reached 10 percent. In December 2009, Cheshire County’s was 6.1 percent, and Dublin’s was 7.5 percent, an increase more than twice over Dublin’s December 2008 figures. Statistics from the 2000 census show that Dublin had the fourth-highest number of people living below the poverty line in the County. Today, it is likely that Dublin has risen much closer to the number one position, for the number of families the Town assisted in 2009 increased 169 percent over those assisted in 2008. Direct assistance provided to individuals and families, for a total of \$31,438.47, was as follows:

Housing	\$13,631.75
Heat	\$ 3,616.41
Utilities	\$ 1,630.73
Food	\$10,809.41
Medical	\$ 1,750.17

Respectfully submitted,

Kathy Merrick, Welfare Administrator

INDEPENDENT AUDITOR'S REPORT

To the Members of the Board of Selectmen
Town of Dublin
Dublin, New Hampshire

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Dublin as of and for the fiscal year ended December 31, 2008, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town of Dublin's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

The government-wide statement of net assets does not include any of the Town's capital assets nor the accumulated depreciation on those assets, and the government-wide statement of activities does not include depreciation expense related to those assets. These amounts have not been determined. Therefore, in our opinion, the financial statements referred to above do not present fairly the financial position of the governmental activities of the Town of Dublin at December 31, 2008, and the changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Also, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Town of Dublin as of December 31, 2008, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

The budgetary comparison information is not a required part of the basic financial statements, but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

The Town of Dublin has not presented a management's discussion and analysis that accounting principles generally accepted in the United States of America have determined is necessary to supplement, although not required to be part of, the basic financial statements.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Dublin's basic financial statements. The combining and individual fund schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. They have been subjected to the auditing procedures applied in the audit of the basic financial statements, and in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

INDEPENDENT AUDITOR'S COMMUNICATION OF CONTROL DEFICIENCIES AND OTHER MATTERS

To the Members of the Board of Selectmen
Town of Dublin
Dublin, New Hampshire

In planning and reporting our audit of the financial statements of the Town of Dublin as of and for the fiscal year ended December 31, 2008, in accordance with auditing standards generally accepted in the United States of America, we considered the Town of Dublin's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Town of Dublin's internal control. Accordingly, we do not express an opinion on the effectiveness of the Town of Dublin's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Town of Dublin's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Town of Dublin's financial statements that is more than inconsequential will not be prevented or detected by the Town of Dublin's internal control. We consider the following deficiencies to be significant deficiencies in internal control.

Financial Statement Preparation

Due to the limited number of personnel available in the Town, the Board of Selectmen has requested that our firm prepare the financial statements and footnote disclosures for them to review and approve. This does not violate professional independence standards as management takes responsibility for the statements and is the most cost effective option for the Town.

Since there is more than a remote likelihood that a misstatement of the financial statements that is more than inconsequential will not be prevented or detected by management's review of the financial statements, we consider this to be a significant deficiency in internal control. We recommend that the Board of Selectmen continue to evaluate whether it is cost effective to hire a person with the qualifications to prepare the financial statements and disclosures.

Town Clerk

Upon review of the internal controls over the timeliness of deposits made by the Town Clerk, it was noted that funds received exceeding \$500 are not being deposited in a timely manner. New Hampshire state law, SAF-C 519.21 (g) and (h), states that funds received for deposit by the Town exceeding the amount of \$500 must be deposited on a daily basis. Per alternate deposit schedule approved by the State of New Hampshire, deposits were required to be made every Tuesday and Thursday. Upon review of the criteria of the alternate deposit schedule, it was noted that this schedule was not being followed.

We recommend that the alternate deposit schedule which states that deposits be made every Tuesday and Thursday be adhered to by the Town Clerk.

Town of Dublin

Independent Auditor's Communication of Control Deficiencies and Other Matters

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Town of Dublin's internal control. We did not note any deficiencies that we believe constitute material weaknesses.

This communication is intended solely for the information and use of management, the board of selectmen, other within the organization, and state and federal agencies, and is not intended to be and should not be used by anyone other than these specified parties.

TOWN CLERK

In 2009, a total of 2,262 motor vehicles were registered in the Clerk's office, which was 82 more vehicles than were registered last year but brought in more than \$2,000 less revenue compared to last year. This is most likely because people have been buying fewer new model vehicles, which are more expensive to register.

This year the Town also received revenue of \$3,887.33 from the issuance of marriage licenses, certified copies of vital records, dog licenses, and other filing and permit fees. This was over \$600 more than the \$3262.42 of revenue in 2008.

	<u>2009</u>	<u>2008</u>	<u>2007</u>
Vehicles registered	2,262	2,180	2,197
Town registration fees	\$245,983.00	\$248,035.01	\$264,031.50
Vital records, dog licenses and filing fees	<u>\$ 3,887.33</u>	<u>\$ 3,262.42</u>	<u>\$ 3,514.50</u>
Yearly totals	\$249,870.33	\$251,297.43	\$267,546.00

Lists of the marriages, births, and deaths recorded in Dublin for the year 2009 are included in this Town Report. There were no civil unions recorded in Dublin.

The property tax rate for 2009 was \$20.65 per thousand, the same rate as in 2008.

The amount of liens executed each year has been rising since 2007.

	<u>2009</u>	<u>2008</u>	<u>2007</u>	<u>2006</u>
Liens executed during year:	\$149,097.06	\$123,829.07	\$99,176.59	\$104,880.16

In the spring, I attended the New Hampshire Tax Collector's Annual Workshop in Marlborough and the Monadnock Region Town Clerk's workshop in Milford. In October, I attended the three-day Annual Tax Collector's Conference in Dixville Notch and the Driver Protection Privacy Act training with the Division of Motor Vehicles in December.

I would like to remind everyone to please bring in your old registrations when renewing them and have a great year.

Respectfully Submitted,

Jeannine Jadaszewski, Town Clerk/Tax Collector

TRUSTEES OF THE TRUST FUNDS

The MS-9 and MS-10 reports from Charter Trust Company for the past year are shown on the adjacent pages. They show the investment transaction status and fund balances of the investments for the town of Dublin. The MS-9 report shows the status of the various Common and Capital Reserve Funds for the Town of Dublin. The MS-10 shows the investment portfolio for the Trust Funds.

Deposits into and withdrawals from the Capital Reserve Trust Funds are based on the approved Warrant Articles at the Town Meeting in March.

The Charter Trust Company manages our investments. Their staff has provided excellent investment recommendations and has managed the funds in a very professional manner. The Trustees meet with them quarterly to review the investment portfolio and make decisions regarding the buying and selling of investments, based on stock performance and our Investment Policy guidelines. The Trustees adopted the Prudent Investor Rule, effective July, 2009 for future investments. In the past, the Prudent Man Rule was used, which restricted the kind of investments that could be made.

Withdrawals from the Common Trust Funds in 2009 included:

- \$3,000 to the Dublin Community Church.
- \$5,000 for scholarships for Dublin students going to college.
- \$4,500 to the Town for Cemetery Perpetual Care.
- \$800 to Dublin Consolidated School for special projects.
- \$25,000 to the Town for Welfare expenditures.

This year, the Phyllis S. Burt Trust has provided \$27,487 to both the Police and Fire Departments. The total gift to each Department was \$83,718. This money was placed in the Common Trust fund for the Town, to be expended by the Police and Fire Department Chiefs, at their discretion. Chiefs Letourneau and Vanderbilt have made several purchases of equipment for their Departments using these funds and will continue to do so in the future.

During the past ten years, the Trustees of the Trust Funds have provided scholarships to Dublin students who have demonstrated a financial need. This year, a selection committee selected five students to receive a \$1,000 scholarship for the 2009-2010 school year. The recipients were Kimberly Murray (Florida College), Cody Sawyer (Pensacola Christian College), Daniel O'Rourke (Keene State College), Ethan McBrein (University of Vermont) and Stefan Jadaszewski (University of New Hampshire).

Respectfully submitted,

Willard Goodwin, Chair
Charles Champagne, Selectmen's Representative
Robert Weis
Richard Scheinblum

1/5/09 - A Merger between Wachovia and Wells Fargo occurred and is shown in the Adjust to Book Value Column.

1/23/09 - A loss was incurred in the invested income portion from the sale of Vanguard Fund #1341 in the amount of \$8713.39 and is shown in the Adjust to Book Value Column.

1/23/09 - A gain was received in the invested income portion from the sale of Vanguard Fund #535 in the amount of \$1982.64 and is shown in the Adjust to Book Value Column.

10/23/09 - A gain was received in the invested income portion from the sale of Vanguard Fund #119 in the amount of \$410.00 and is shown in the Adjust to Book Value Column.

12/31/09 - A gain was received in the Vanguard Fund #536 in the amount of \$764.85. The principal portion of the gain (\$624.77) is shown in the gain/loss column.

The invested income portion (\$140.08) is shown in the Adjust to Book Value column. Both were reinvested in same Vanguard Fund #536.

ARCHIVES

The Archives Committee has had another busy year. During 2009, in addition to processing, cataloguing, and indexing the Town's records for 2003, the Archivists spent 59 hours answering 139 requests for information from Town records. Inquiries come from Town officials and residents, real estate agents, individuals writing their Master's thesis, and from people researching their family trees. This year, requests for information came from the New England states, Virginia, Wisconsin, Missouri, and New York.

Genealogical requests often involve documents from Town and Historical Society records, including birth, death, and marriage records, tax records, voter checklists, and cemetery records, as well as obituaries and other materials collected by the Historical Society. We also had requests for general information about the Town and its everyday business records: building permits, Board of Adjustment records, Planning Board records, road records, Trust Fund records, tax records, septic system plans and approvals, maps, and easements.

Some of the Town's (and Historical Society's) early school records are currently part of an exhibit at The Historical Society of Cheshire County in Keene on "Schools and Education in the Monadnock Region." This exhibit will run through July 2010.

The Cemetery project whereby volunteers are photographing gravestones is now complete. All gravestones have been photographed, and the photographs have been entered into the database. The only thing left to finish is the verification of the information in the database.

Thank you to Gordon and Adele Knight for returning two historical signs that used to mark the first settlement site and Dublin (Monadnock) Lake. If you were, or currently are, a Town official and have Town documents in your possession that you no longer need, bear in mind that they belong to the Town and the public and should be deposited at the Archives or with the Town Clerk (RSA 41:58).

The Archives Building is open Tuesday mornings from 9:00 to 12:00 for Town business. Visitors are also welcome most other mornings or by appointment. Our telephone number is 563-8545 and our e-mail address is dublinhistory@townofdublin.org.

Respectfully submitted,

Nancy E. Campbell, Archivist
John W. Harris, Assistant Archivist

BUDGET COMMITTEE

2009 was a year of endings, transition, and new beginnings. The Committee's Chair of many years, Richard Scheinblum, who skillfully guided each year's budget process, decided not to run for re-election. We bade him and Leslie Whone, another Committee member, *adieu* at Town Meeting last year. At our organizational meeting in April, we welcomed Peter Imhoff and K Horgan to the Committee. In April, we began our task by reviewing expenses and talking about the upcoming budget process. In September, Curt Merrick and K Horgan attended the annual Budget Workshop conducted by the Local Government Center.

In August, the Budget Committee, Board of Selectmen, and department heads held a Budget Summit to launch the budget "season". At that meeting, we reviewed the challenge we would face due to reductions in State revenue sharing funds. Our goals were to have no significant tax increases, provide pay increases for Town employees (none were given in 2009), and have a complete budget by Thanksgiving.

In mid-September, the Budget Committee began meeting weekly with committee chairs and department heads. With a few exceptions an expense budget was available before Thanksgiving. Every department and committee responded to the spirit of the goals set forth at the Summit by demonstrating fiscal restraint. As a result, we are able to recommend pay increases for Town employees and realize an expense budget that is slightly less than last year's.

The job of the Budget Committee is time consuming. The budget comes together through an iterative process of collecting data and then analyzing and updating the evolving budget. Town Administrator, Bill Raymond supports the Committee by assembling the raw data, making revisions as the budget evolves, and advising the Committee throughout the process. We thank him for his time and effort in support of the Committee.

This year's process was characterized by a spirit of cooperation and communication. All department heads, committee chairs, the Board of Selectmen, and the Town Administrator worked collegially with the Budget Committee in assembling the 2010 budget. We thank them for their part in bringing the budget to completion.

Respectfully submitted,

Curt Merrick, Chairman

Sterling Abram, Selectmen's Representative

Nancy Campbell, Co-Secretary

K Horgan

Peter Imhoff

Judy Knapp, Co-Secretary

Ken Woods

CEMETERY EXPANSION COMMITTEE

To date, \$71,332 has been spent on the Cemetery Expansion Project. However, the value of the work completed is well in excess of \$100,000 because of the countless hours of volunteer labor by the Cemetery Expansion Committee and the Cemetery Trustees; plus approximately \$10,000 in free fill materials and the generous gifts of labor and materials from Economy Plumbing and Interval Construction.

A herculean amount of work was completed during 2009 in the new expansion areas on the North and South sides of the Cemetery including:

- Removal of trees and stumps
- Backfilling, installation of new culverts and under drains, and rough grading
- Loaming and finish grading
- Construction of approximately 1,000 linear feet of new stone walls
- Installation of hard pack on new and existing roadways
- Installation of new underground piping to be used for watering the new areas
- Landscaping including seeding, installing new plants, and transplanting selected existing trees, plants, and bushes
- Laying out new gravesites

During 2010, we plan to complete the Project including the installation of additional culverts on the North side of Old Common Road, finalization of as build and master plan drawings of the Cemetery, and the completion of minor soil stabilization and stonewall projects. It is expected that the approximately \$3,700 which remains in the Project budget will be needed to complete these items.

In addition, it is anticipated that the completion of this Project will satisfy our objective of handling the Town's burial needs for the next 50 years. It is also anticipated that the Committee will be disbanded in 2010 after the Project is completed.

The Chairman could not have asked for a better team to handle the Cemetery Expansion Project and so wishes to express his sincere thanks and appreciation to the Committee for their positive, "can do" attitude, and dedication and hard work on the Project.

Respectfully submitted,

Joe Cavanaugh, Chairman
Brian Barden
Jack Lewis
John Nelson
Bruce Simpson
Jim Sovik, Secretary

CEMETERY TRUSTEES

The Cemetery Trustees spent a significant amount of time in 2009 participating in all aspects of the Cemetery Expansion Project and, with the Project nearing completion, feel fully satisfied that Dublin received substantial value for the tax dollars invested in gaining over 50 years of burial capacity going forward. We encourage all residents to visit the Cemetery and feel certain that you will share our enthusiasm for the quality and beauty of the setting within the expansion areas. Our particular thanks extend to Joe Cavanaugh, who chaired the expansion effort and committed considerable personal time and effort to make the project a success.

In addition to the physical aspects of the expansion, two other important benefits were achieved; (1) we will have new mapping of both old and new areas, thanks to John Nelson's time and surveying/ drafting expertise, and (2) a Master Plan was developed for the Cemetery which offers suggestions for future Trustees to consider and which, if implemented, could potentially further extend burial capacity beyond the current 50 years.

Volunteerism has always played an important role in our efforts to manage the Cemetery, and we thank those who willingly give their time to assist in various projects. One individual who we believe warrants special notice is Art Sussman, who has, for many years, given the Cemetery both time and materials needed to keep our water supply system operational.

In 2010, the Trustees hope to initiate further projects which will both benefit the grounds and continue our focus on emphasizing the area's rich history:

- Drawing on Trustee Loring Catlin, Jr.'s horticultural expertise, we plan on inventorying all trees and major shrubs within the area and developing standards and plans for their care, addition, or removal so that the entire Cemetery benefits.
- Reinstalling a number of early settlement-era footstones which were sold and removed from the Cemetery almost 20 years ago and have been donated back to the Cemetery with the objective of restoring them to their proper locations. We plan to explore the possibility of assistance grants for this effort.

With volunteer help from those with technical and layout expertise, we feel it would be desirable to develop a more comprehensive section within the Town's web site highlighting the Cemetery's policies, lot pricing, and matters of historical interest.

As always, we thank the Town for its support.

Respectfully submitted,

Loring Catlin, Jr.
John Nelson
Jim Sovik, Chairman

CONSERVATION COMMISSION

2009 was a productive year for conservation in Dublin and for the Conservation Commission. Early in the year, the Commission sponsored a Town Warrant Article which allowed Town conservation funds to be used for conservation without requiring the Town to take a direct interest in the property affected. The Article, which was passed at the Town Meeting, was made possible by the passage of SB381 by the New Hampshire legislature. SB381 allows the Town to help preserve conservation lands without taking on on-going monitoring and legal expenses.

The Commission also worked with the Monadnock Rotary Club, which is leading a several year project to clean up and develop as a park the Town land on Howe Reservoir. Already, trails have been refurbished and the lakeside has been made much more inviting for picnicking. With lots of help from several trail-loving neighbors, the Commission also cleaned up storm damage and undergrowth on Blackberry Lane, making it more available for walking.

The Commission continued its work with the Dublin Lake Preservation Committee and with the Garden Club of Dublin to protect Dublin Lake. Members of these three groups patrolled the lake searching for milfoil and ensured that the lake's waters were tested, taking appropriate action to keep the lake clear of contaminants and invasives. The Lake Host program, which monitors boats entering Dublin Lake to prevent the introduction of milfoil, had another successful year despite cutbacks in state aid. The Beech Hill/Dublin Lake Watershed Association stepped in to help cover the funding shortfall in the program.

With respect to invasives control, the Commission continued its program to use *Galerucella* beetles to control Purple Loosestrife, an invasive wetlands and swamp plant. The state has approved the use of the beetles, and there is some evidence that last year's beetles are working. The Commission distributed another set of beetles to the Town's most affected areas. Commissioners also began testing options for the control of Japanese Knotweed, a very aggressive invasive plant that looks like bamboo, with results indicating that this is a very difficult invasive to get rid of. Doug Cygan, the head of New Hampshire's Invasives Control Program, spoke on invasives at a well-attended meeting held in the library in July.

During the year, the Commission continued monitoring and reporting on properties with conservation easements which the Town is responsible for and on properties where development activity is likely to impact water and other natural resources. It approved the use of some money from the Conservation Fund to fund mapping activities of the Open Space Planning Committee, and it reviewed and made recommendations on several properties in Town with proposed development activities and high levels of interest from residents. Comments were provided to public meetings, Town boards, and the New Hampshire Department of Environmental Services. Commissioners frequently took advantage of conservation education opportunities sponsored by local associations and agencies.

Respectfully submitted,

Jack Lewis (Chairman), Ed Germain (Selectmen's Representative), Rusty Bastedo, Jerry Branch, Karen Bunch (Dublin Lake Preservation Committee Representative), Suzan Macy (Planning Board Representative), Sue Yarger

THE DUBLIN ADVOCATE

In 2009 *The Dublin Advocate* celebrated ten years of serving news of Dublin, about Dublin, and showcasing Dubliners, by Dubliners. *The Advocate* also reports on our abutting communities when what they are doing affects us in our Town. The focus has been and will continue to be on ensuring the most information you want and you need. From your feedback, it is clear *The Advocate* has been delivering.

But 2009 was a hard year for *The Advocate* staff as well as our community. In February, all of us lost the indomitable Anne Anable. Annie was a major part of our staff from December 1999 until her untimely death. In November, days short of her 91st birthday, Nellie Crossley, an original *Advocate* staffer, passed away. While Nellie had retired from active work, she remained involved by consulting and assisting us. *The Advocate* lost two great women and so did the Dublin community.

The Dublin Advocate remains strong because the staff remains solid. Rusty Bastedo, from the original August 1999 *Advocate* staff, is our constant, our rock. Rusty's contributions include his monthly features on Dublin Businesses of the Month. Sally Shonk continues as our staff photographer and mailing coordinator. Margaret Gurney joined us early last Spring and moved seamlessly into Annie's role as chronicler of Dublin's People of the Month. Margaret also has had a large role in the content and improved "look" of our newsletter. Our newest *Advocate* staffer is Barbara Delphia. Barbara, new to Dublin, has been an energetic contributor throughout the town. Fortunately for us, she has assumed coordination of our activities calendar, a valued monthly feature.

Many Dubliners regularly submit articles and/or photographs. We thank all of them. A large and specific thank you goes to Barbara Summers for her reports on Dublin businesses. These have elicited many positive comments back to us.

Effective with the April 2010 issue, *The Advocate* is a New Hampshire non-profit organization. This means that we are independent of Town Hall while remaining responsible to the Board of Selectmen. It essentially just alters our financial income and reporting. We will request fewer funds from Dublin, and we will be responsible for raising the rest to meet our budget requirements.

Our goals going forward in 2010 are:

- To continue to work closely with Town officials, committee chairs, and active participants in Dublin life to ensure their news and reports reach our neighbors. We will try even harder to get to them, and yes, sometimes they need to, and often do, come to us.

- To maximize the value of the calendar. Every activity of youth, school, church, committees, Town business, and more need to be identified. Barbara is helping to make this happen.
- To expand our coverage of Dublin youth. We need someone to join us who is committed to ensure we receive as much information about our youths' activities as possible.
- To expand our online capabilities to show more photos and stories which are beyond our resources to print.
- And to convince our neighbors to visit the Town website's Advocate pages:
http://www.townofdublin.org/Pages/DublinNH_Advocate/index

Respectfully submitted,

Matt Wagner, Editor

DUBLIN LAKE

In 1997, the Selectmen created the Dublin Lake Preservation Committee (DLPC), charging the group to monitor the condition of the lake and to bring forward through the Selectmen regular reports on the condition of the lake and plans for the improvement of the lake's quality. The Committee itself is in a state of reorganization; however, there have been many lake projects thanks to the hard work of a number of dedicated organizations and volunteers. What follows is a description of several important undertakings for the benefit of Dublin Lake.

The Dublin Conservation Commission received a matching grant again this year to participate in the Lake Host Program. The Lake Hosts were stationed at the Public Boat Landing on weekends and holidays, inspecting boats and trailers for invasive weeds. Point Person, Bill Goodwin, supervised the Lake Hosts, Kelsey Nyland and Maggie Murphy. No invasive weeds were spotted on boats entering or exiting the lake, and the hosts were able to distribute information to visitors about the harmful effects of invasive plants.

Dublin Conservation Commission, the Garden Club of Dublin, and the Beech Hill – Dublin Lake Watershed Association provided funding for water quality testing of lake water through the auspices of the Volunteer Lake Assessment Program. Over the summer and fall seasons, Garden Club of Dublin members collected water samples at several sites including the deepest spot of the lake, the beaches, and inlet spots. Data reflecting approximately 160 chemical analyses from 2009 have been added to statistics from past years to help track trends and spot problems in lake water quality. Overall results continue to be very good, but seven inlet sites remain areas of concern.

Volunteers continue to participate in the Weed Watch Program. During the four lake surveys done by kayakers using glass-bottom buckets in 2009, no invasive plants were spotted. New Hampshire Department of Environmental Services divers did an inspection of Cemetery Cove in October and found no exotic species in the area where milfoil was found several years ago.

Lakefront property owners worked hard to remove dead branches and trees that were still in the water from the Ice Storm of December 2008. The Dublin Women's Club Beach Committee continued their erosion control plantings and other work to make an effective and beautiful shoreline, landscaped to prevent damaging run off.

Lakefront property owners received a mailing about regulatory changes in the Comprehensive Shorelands Protection Act. An article on the water quality testing program appeared in the July *Dublin Advocate*. Lake volunteers attended various training sessions for the programs they were involved in, and three volunteers attended the informative NH Lakes Association Lakes Congress in the spring of 2009.

It was a busy and productive season for Dublin Lake Projects. Several new members have been added to the Dublin Lake Preservation Committee and will begin their mission to oversee all of these initiatives in early 2010.

Respectfully Submitted,
Karen Bunch
Jill Lawler
Jeff Oja

EMERGENCY MANAGEMENT

The mission of the Office of Emergency Management is to strengthen Dublin's ability to effectively and efficiently prepare for, respond to, recover from, and mitigate all natural or man-made emergencies and disasters through coordination with the resources of local, state, and federal agencies.

To accomplish this mission and to satisfy state and federal requirements Dublin Emergency Management continues to:

- Develop, update, and maintain the Dublin Emergency Operations Plan
- Provide warning and emergency public information to Town officials and the general public
- Provide public education and coordinating and disseminating Emergency Information
- Act as coordinating liaison between Dublin and state and federal agencies.

In 2009, Emergency Management activities focused on preparations for a potential emergency related to widespread H1N1 illness. In conjunction with the Greater Monadnock Public Health Network and local resources from the Monadnock region, we worked to help organize immunization planning and scope emergency scenarios in the event of widespread infection.

This year, an Emergency Management survey was sent out to residents to allow us to accurately assess the specific needs of individuals and families as well as their individual emergency preparedness resources. This survey will also help facilitate the expansion of the Neighbor-Helping-Neighbor program in which each Town road has a primary and secondary contact person willing to check on neighbors in the event of an emergency.

In addition to the Emergency Management survey, residents received information regarding the NIXLE communications program which allows residents to receive emergency alerts from the Dublin Office of Emergency Management via cell phone, email, or directly on the NIXLE website. This of course will never replace our usual route of communications but for those who request it, NIXLE can be another method of staying informed during times of emergency.

As we enter 2010, the Office of Emergency Management will continue to focus on four key areas: preparedness, response, recovery, and mitigation. I am confident that with the continued commitment and dedication from the Town, state, county and federal agencies, we will meet any challenges put before us.

Respectfully submitted,

Thomas D. Vanderbilt, Director, Dublin Office of Emergency Management

FIRE DEPARTMENT

The Department's mission is to maintain a Company of fire personnel trained in all aspects of fire suppression, rescue, salvage, fire prevention, hazardous materials, and emergency medical response, enabling us to serve and protect, without prejudice or favoritism, the lives and property of the residents of Dublin during both natural and man-made emergencies.

The dedicated personnel of the Dublin Fire Company devote many hours responding to fire and medical emergencies and training to ensure a high level of expertise. In 2009, Dublin Fire and Rescue personnel responded to 94 rescue calls and 100 fire or other emergency calls, for a total of 194 emergency calls. This total does not reflect the many unofficial calls for information and non-emergency assistance, smoke investigations, odor investigations, requests for information, and other calls of similar nature that take place routinely throughout the year.

COMMUNITY SERVICE:

In addition to emergency response and training, personnel are intimately involved throughout the year in performing community service and providing fire prevention education including:

- Fire prevention education utilizing the Fire Education Trailer for Fire Prevention Week: Dublin Consolidated School and Dublin Community Preschool
- Fire prevention education utilizing the Fire Education Trailer as well as fire prevention information table: Dublin Days (attended by Smokey Bear)
- Fire Department tour and safety discussion: Dublin Christian Academy Preschool
- Decorating the Dublin Town Christmas tree and Santa attending the Annual Christmas Tree Lighting
- Annual Christmas party and gifts for children attending Dublin Consolidated School (attended by Santa)
- Pumping water from basements when needed

TRAINING:

Maintaining the highest levels of proficiency in skills and training ensures that all personnel function with maximal efficiency to preserve the health and welfare of all in any emergency situation. In 2009, monthly drills were conducted by Fire Emergency Training Services including:

- NFA-Incident Command Systems Review, Communications, and Accountability
- SCBA Annual Proficiency Assessment with practical evolution
- Engine Company Operations
- Ladder Operations
- Firefighter Survival and Thermal Imager Skills

- Water Rescue training at Dublin Lake
 - attended by lifeguards representing Dublin Lake Club, Dublin Women's Club, Camp Waklo, and Camp Wanocksett
- Ropes/Knots/Hauling Systems
- Basic Rescue Refresher
- Car Fire Operations
- Emergency Response and Incident Scene Safety
- Firefighter and EMT Personal Safety related to hazards associated with victim rescue when responding to Hybrid Vehicle Incidents (in conjunction with the Marlborough Fire Department)

Additional training attended by personnel throughout the year included:

- Fire Officer's Development – Leadership Class
- Farming Emergencies (Penn State University at Temple Fire Department) including: introduction to farm emergencies, managing farm tractor emergencies, and managing farm machinery emergencies
- New Medical Protocol Roll-out Review conducted by Vicki Blanchard, ALS Coordinator, State of NH
- Protecting Outdoor Worker Health & Safety
- Incident Management and Unified Command – ICS 300
- School Inspection Program (through Monadnock Area Fire Chiefs' Association and the NH State Fire Marshal's Office)
- Canine Alert Search Teams
- Annual CPR and defibrillation re-certification in conjunction with the Dublin Police Department

Dublin's medical personnel participated in Emergency Medical Technician Continuing Education classes conducted by The Academy of First Response including:

- Pediatric Emergencies
- Cardiac Emergencies
- Respiratory System & Emergencies
- Trauma and Extrication Drill in conjunction with Peterborough Fire & Rescue
- Intermediate transition modules
- Mountain Rescue Drill in conjunction with Peterborough Fire & Rescue
- Water Rescue Drill at Sargent Camp in conjunction with Peterborough Fire & Rescue
- Phillips MRX 12-Lead EKG AED Review
- Practical Exam Skill Stations for EMT re-certification
- Alzheimers presentation with the Directors of Harborside Healthcare
- Mask fit testing

Our personnel continue to exhibit the highest level of service, safety and teamwork while functioning with an extremely high level of skill and professionalism. Our goal, as always, is to ensure that all residents, in all emergency situations, are treated with respect, kindness, patience, and consideration.

EQUIPMENT:

Thanks to the generosity of anonymous donors, and contributions from the Burt Fund, we upgraded and added safety equipment which greatly enhance our efficiency and ability to respond to emergencies expeditiously. These upgrades and additions include:

- Replacing Rescue air bags for jacking up cars or structures
- Adding two thermal imaging cameras
- Adding a set of Holmatro rescue tools and pedal cutter for the second Engine along with a Rapid Intervention Team bag consisting of an SCBA and tools to rescue trapped firefighters
- Adding fire hose nozzles which allow us to set up both Engines identically so that equipment is the same on both trucks and all necessary tools are available at any emergency scene
- Adding two Fit-Pros (Fire Interruption Technology). These are small hand-held devices the size of a purse which can be tossed into a room fire, releasing a non-toxic aerosolized extinguishing agent which interrupts the fire. This exciting new technology was developed in Russia and has shown great success in stopping fires, especially in rural areas with limited water sources and manpower.

We would like to thank the employees and residents of the Town of Dublin, especially the Police Department and the Highway Department, for their help and collaboration throughout the year. This support base greatly enhances the Fire Department's ability to function effectively within the community.

As always, special thanks to the men and women of the Fire Department who so tirelessly give of themselves whenever the need arises. They are your friends and neighbors, and all are proud to serve our community.

Respectfully submitted,

Thomas D. Vanderbilt, Fire Chief

HIGHWAY DEPARTMENT

The year 2009 was another winter with a lot of snow and rain which kept us very busy. We started our spring cleanup of the sidewalk, Town Hall, Police and Fire Department stations in April. We graded and ditched all the dirt roads, and we spent a great deal of time cleaning culverts and replaced 400 feet of culverts. We also swept up the winter sand off the tar roads.

We worked on the cemetery expansion where we installed a catch basin, culvert pipes, and under drain. Approximately 1,500 cubic yards of fill was trucked up from the old Town Pit which saved the Town a fair amount of money.

The clean-up of the 2008 Ice Storm has been completed.

This summer, we had a large amount of rain which did a significant damage to the dirt roads. We had to work around the clock to make them passable, which included hauling a lot of gravel to repair them.

We had three large projects this year: The first was to finish 3,700 feet of Windmill Hill Road (from the 2008 project) to Pierce Road. We replaced seven culverts, installed 400 feet of under drain, pulled out rocks, and paved with 2 inches of hot top. The next project was to replace the 6 feet x 8 feet x 35 feet long culvert on Cobb Meadow Road. The road was closed for three weeks during the construction. To do this, we had to divert the brook through a 3 foot culvert so we could keep water out while we dug out the old pipe and installed the new culvert. We used three large pumps that ran 24 hours a day. The old footings and head walls were stone, and they were replaced with concrete. A guard rail was also installed. In the spring, this section of road will be paved. The last project was to install a 4 feet x 38 feet long culvert on the Old Troy Road.

Additional projects were chip sealing East Harrisville, Old County, and Monument Road and crack sealing Upper Jaffrey Road, Church Street, and part of Lake Road. Road-side mowing was done; we ditched more tar roads, and cut more brush.

We are still in the process of replacing all the old street signs with the new style larger signs with the Town seal. This is in compliance with a federal regulation for 2012. Members of the Highway Department also attended workshops throughout the year.

I would like to thank the Highway personnel for their hard work and dedication. I would also like to thank the Police and Fire Departments for their help and cooperation and the Town residents for their support of projects and capital improvements.

Respectfully submitted,

Brian Barden, Road Agent

DUBLIN PUBLIC LIBRARY

With the first months of 2009 snowy and attendance down, staff at the library used that time to work, bar-coding the library collection. Now at the end of 2009, all of the books in the library collection have been bar-coded. All computers can now access the card catalog for ease in locating books.

Directions for using the "Downloadable audios" program are now available and it is free! Soon the library hopes to be offering e-book downloads.

Wii !!! is now at the library. Thanks to generous donations to the library in memory of Anna Pickford, the library purchased a Wii. This comes with different sports programs including bowling, tennis, and baseball. Adults and children alike have been enjoying the Wii on Saturday mornings.

The Dublin Public Library has many programs for adults and children. The Friends of the Dublin Public Library have provided speakers, book discussion groups, and they have run a very successful Book Sale. The staff at the library put on programs for infants, toddlers, preschoolers, young teens, and families. Thanks to the Summer Playground program for bringing their group of children to the library on Wednesdays during the summer. Everyone has enjoyed sharing the library with the children. Many other groups are using the library during the year.

We received many donations including: books, DVDs, CDs, monetary donations, chocolates, flowers, calendar, gifts of skills by repairing bent railings and installing insulation in the Gowing Room, a movie license, the talents of our IT person, and people who refinished benches and cut out and painted door stops. Friends of the Dublin Public Library purchased a digital projector for program use at the library. The Friends also keep the gardens looking beautiful..

Thank you to the Trustees, Staff, Friends of the Dublin Public Library, and the Dublin community for supporting and enjoying the Dublin Public Library.

Circulation – 8466

Attendance – 7863

Discard – 558

Acquired for collection – 383

Donated for collection – 554

Persons donating to the library – 80

New registrations – 50

Registrations – 949

Respectfully submitted,

Elizabeth McIntyre, Library Director

LIBRARY TRUSTEES

I would like to take this opportunity to thank the library staff, patrons, volunteers, and Friends of the Dublin Public Library for your generous contribution of time, talent, and gifts during this past year. It is your support that helps make the library such a strong presence in our community.

Our computer systems have been brought up-to-date, thanks to the good work by Marty Smith. The library staff now has two laptops and two desktop computers that are used for information, card catalog, and bar-coding activities. Usage by library patrons and visitors has increased as they realize that the library offers DSL wireless internet access. You will find many patrons with their laptops, sitting in various locations within the library tapping away. We have nearly completed the initial task of bar coding the collection. This will be an on-going process, but it is comforting to know that the bulk of the work is behind us.

We have a new Panasonic LCD digital projector and DVD player for showing movies and for presentations. We thank the Friends of the Dublin Public Library for helping with the funding of this equipment. In addition, we have a new Nintendo Wii game system and sport game for public use. This will be a popular activity for young and old.

Our library has been very active with the local area town library trustees, meeting monthly to discuss issues related to the local library operations. I want to thank Adele Knight for her active role in coordinating these meetings. They have been beneficial to many of those attending.

The Dublin Public Library Trustees consist of three Permanent Trustees—Bill Goodwin, Adele Knight, and Jane Holmes. The other trustees are Marty Smith, Bethe Walker, Barbara Sovik, Henry James, and one open position. I want to also recognize our Library Director, Betty McIntyre, who has done a fantastic job overseeing the operations of the Library.

The Trustees continue to attend training sessions sponsored by the NH Attorney General's office and the New Hampshire Library Trustees Association (NHLTA).

We again thank everyone for supporting the Town budget for Library operation. This has made it possible to keep our library in excellent physical condition and to maintain the wonderful programs and activities that take place there. We welcome any suggestions that you might have to further improve our services to the community.

Respectfully submitted,

Willard W. Goodwin, Chairman

OPEN SPACE PLANNING COMMITTEE

In 2009, the Open Space Plan was approved by the Selectmen, the Planning Board, and the Conservation Commission. It was a “broad brush” plan that identified priority areas in Dublin 3 which appeared to have significant natural resources.

In 2010, the Open Space Planning Committee started to reinforce the findings of the Open Space Plan with hard scientific data. The data – all of it publically available – comes from a variety of sources including the University of New Hampshire Granit database, New Hampshire Fish and Game, and the United States Geological Surveys.

We have been very fortunate to have had the assistance of Rick Brackett, an Americorps volunteer working with the Monadnock Conservancy and its Community Conservation Partnership program. Rick’s expertise in working with towns in the region and his superb computer skills have produced an overlap map of Dublin 14 layers deep. The computer imaging can be manipulated to show, for example, wetlands and steep slopes, aquifers, and soil types. (Note: Dublin is not overrun with prime agricultural soil types.)

The next important step is to continue the work from Dublin Days when we asked the townspeople what mattered most to them about Dublin’s natural treasures. This body of information has to come from you! All the fancy computers in the Monadnock Region cannot produce it. Please check with the March *Dublin Advocate* for ways to share your answers to the questions: “Do you have a special place in Dublin that you really love? What would you miss if it were suddenly gone?”

We anticipate holding several meetings this spring to share the Plan with the Town. It will be a fine tool for the Selectmen, the Planning Board, the Conservation Commission, and the landowners in Dublin.

Respectfully submitted,

Diane Schott, Chairman
Sterling Abram, Member-at-Large
Edward Germain, Selectmen’s Representative
Betsey Harris
Henry James

Linda Sue Yarger, Recording Secretary

PLANNING BOARD

2009 was another slow year for the Planning Board, as depressed land values and the recession made development economically unfeasible. We did devote a good deal of time to an application for a cell tower off of Old Peterborough Road which, when built, is supposed to eliminate the coverage gap on Route 101 between Peterborough and Dublin. We also handled a number of smaller matters: some minor subdivisions, lot line adjustments, lot mergers, and site plan reviews.

Our major project this year was to bring Dublin into compliance with the new Workforce Housing law passed by the NH Legislature that requires all towns to offer meaningful opportunities for the development of housing that is affordable to medium- and low-income households. The law codifies a NH Supreme Court decision in the case Britton v. Town of Chester, which said that a town cannot ‘put a moat around itself and pull up the drawbridge’ in an effort to preserve the *status quo*. The Legislature also considered evidence that current zoning trends (increasing lot sizes, restricting apartments and less expensive housing while encouraging elder housing) has hurt the NH economy by driving working people out of the State.

We attended a number of seminars on the issue, studied ordinances written by other towns, had representatives from Southwest Region Planning Commission and the New Hampshire Housing Finance Authority speak to the Board, and spent numerous hours discussing how best to comply with the State law.

We came up with a flexible approach which allows the Board to offer a developer an increase in density over what is usually allowed and/or waive certain regulations if the developer can show that these waivers are necessary to enable him or her to build affordable housing (i.e., houses that sell for around \$200,000 or rental units that rent for around \$750 per month). All of our usual regulations, other than those specifically waived, would apply, and the Board would have to find that any proposed affordable housing project would not have an unduly adverse impact on the value of abutting properties.

We think that the high price of land in Dublin, the distance to jobs and services, and the lack of Town sewer and water make it unlikely that we will see many developers coming here to build workforce housing but felt that the Board’s failure to do anything could expose the Town to expensive lawsuits and the possibility that a developer could build any project he wished here, free from any oversight by the Town, should the Superior Court find that Dublin’s Land Use Ordinance was not in compliance with the new law.

The Board would like to thank Neil Sandford, who leaves the Board this year, for his service. He has been a valuable member of the Board and will be missed.

Respectfully submitted,

Bruce Simpson, (Chairman), Charles Champagne (Selectmen’s Representative), Suzan Macy, Neil Sandford, Bill Goodwin, Scott Swanson, Dave Whitney, Bonnie Bartelt (Secretary)

POLICE DEPARTMENT

It is a pleasure to write to you all once again. I would first like to mention that the members of the Dublin Police Department have worked extremely hard this past year at providing you with a high level of professional service to the community and while doing this we have worked hard at being fiscally responsible. As we continue to face many obstacles in these areas, I am confident that the Police Department will do its part to continue to rise to all challenges we face.

We continue to look for new ways to fund some of the services we provide you. We have once again been successful in procuring Highway Safety Grants, which target the continued problem of motor vehicle related complaints on Route 101. We obtained a grant by the NH Highway Safety Agency which provided 50% funding for a new Laser Radar hand-held unit and the other 50% was paid through the Burt Fund. We also took advantage of the Bullet Proof Vest Partnership Program which enabled us to update Officer Logan's bullet proof vest. This program paid 50%, and the other 50% was taken from the Burt Fund. By obtaining these grants, no local cost was incurred by the taxpayers of Dublin.

In April Officer Logan successfully graduated from the New Hampshire Police Academy and was certified as a full-time Police Officer after 14 weeks of extensive training. We are extremely happy at his accomplishments and, more importantly, the level of service he brings to the job and to the citizens of Dublin.

I would also like to thank the citizens for keeping an eye on their neighborhoods. It is imperative that we look out for one another and report anything that might be suspicious. Unfortunately, times have changed, and this simple act of looking out for one another in a neighborhood is everyone's responsibility. All information is valuable to us and assists us in keeping tabs on what is happening throughout the community and solving crimes.

Dublin is blessed to have dedicated employees and volunteers and I would like to thank the following for their support: members of the Dublin Fire Department for doing a great job out there and for helping us keep Dublin a safe place; the Dublin Highway Department for the hard work you do and for all the help you have given us over the year; the Dublin Board of Selectmen, Town Administrator Bill Raymond and his Assistant Kathy Merrick for your steadfast support of public safety in Dublin and the many committees and other Town employees for your service.

I would like to personally thank Lt. Dana Hennessy for his hard work this past year and for your service to this community for the past 20 years. I would also like to thank our Administrative Assistant, Vira Elder who keeps everything together for us at the Department and is vital to our team and congratulations to you as well for 20 years of service to Dublin. To Officer Link Logan for all your hard work this past year and for meeting all your professional goals, thanks for bringing a new and fresh outlook to the job!

In closing, I would like to thank the citizens of Dublin for your trust in us, support, kindness, generosity, and genuine interest in helping us make Dublin a great place to live. If any of you have questions please feel free to give us a call. Any of us would be glad to talk with you, either in person or over the phone.

Respectfully Submitted,

Chief James W. Letourneau

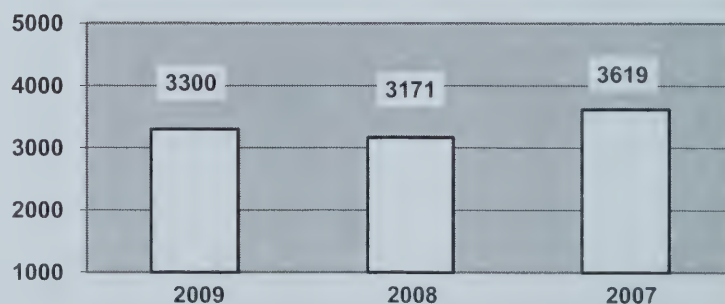

Dublin Police Department

Yearly Statistics

RECREATION COMMITTEE

The Dublin Recreation Committee sponsored and worked hard at coordinating six Town events.

The first event of the year was the Winterfest which was held in February at the Dublin Consolidated School. The weather and snow coverage were great. Everyone enjoyed the Box Sled Races, making snowmen, stayed warm by the bonfire with coffee or hot chocolate in hand, filled their tummies with chili and hot dogs while also enjoying snowmobile rides provided by the Monadnock Trailbreakers Snowmobile Club. A big thank you to the Monadnock Trailbreakers Snowmobile Club for providing this excitement that everyone enjoys.

The Easter Egg Hunt was held at the Dublin Public Library. Children of all ages searched for 500 eggs and 3 lucky children found golden eggs that contained a green surprise. We would like to thank the Library Director Betty McIntyre for allowing us to use the space and for the refreshments that were provided after the Hunt. We would also like to thank the Dublin School students who came by and helped out.

After the Memorial Day Parade we passed out 400 hot dogs, soda, and water. Thank you to all the Veterans and also to *Yankee Publishing, Inc.* for allowing us to use their parking area.

Dublin Day was an enormous success with the weather cooperating. It all started early in the morning with the Terry Dwyer Memorial 5K Race and a Dublin resident winning the race. Residents from Dublin and other communities enjoyed the Rock Climbing Wall, Pony Rides, Face Painting, Dunk Tank, Children's Moon Bounce and Games, Sherry the Balloon Lady, Historical Bus Tours, Friendly Farm Animal Area, Silver Lining Circus Performers, Heart's Accord Barbershop Quartet, Crafters and Artists, the NH Dance Institute Performers, music entertainment by Dublin residents, the Riff Raft Race, and the crowning of Miss Dublin. We would like to thank *Yankee Publishing, Inc.* for allowing us to use their field and all the volunteers who assisted us. A special thank you to Brian Barden.

The Town Halloween Party is sponsored by the Committee but is hosted by Dublin School. This year, the Dublin School coordinator was Erin Bouton who did a fantastic job, thank you.

The 6th Annual Holiday Night was held in December with a great turnout of about 50 – 70 people. After the lighting of the Town Christmas Tree, everyone enjoyed caroling, the bonfire, hot chocolate, and Christmas cookies. We would like to thank the Dublin Fire Department for decorating the tree and *Yankee Publishing, Inc.* for providing the electricity and location for the festivities.

The Committee makes every effort to bring fun and affordable events to the community and welcomes all suggestions. We welcome Candice Reed who joined the Committee this year.

Respectfully submitted,

Vira Elder and Ken McAleer, Co-Chairs

Dan Albert, Jen Bergeron, Kelly Blanchette, Mike Caron, Bambi Kierstead and Candice Reed

RECYCLING COMMITTEE

“Waste not, want not.” Octogenarians among us heard this axiom often while growing up during the Great Depression. With the advent of Styrofoam and six-packs, our children and grandchildren took us in a new direction. We became a throw-away society. The pendulum is now swinging back.

The EPA recently reported a doubling in the recycled share of Municipal Solid Waste (MSW). MSW includes waste from households, schools, businesses, and hospitals. Industrial, hazardous, and construction materials are excluded. In 2006, the U.S. generated 251 million tons (MSW), 32.5% of which was recycled (82 million tons). Waste combustion facilities gobbled up 31 million tons as incinerating fuel to generate electricity. The balance went into the nation’s diminishing landfills. Your Recycling Committee reported on this subject last year. To refresh your memory, New Hampshire’s increasing population may generate landfill waste exceeding the State’s landfill capacity by 2022.

Compared to the national average of 32.5% recycled and Dublin’s 2009 achievement of 41%, the Town is doing well. It is important to note we can do better. Too many people empty their vehicle into the compactor each week without dropping anything into a recycling container. All of us can do better by being smarter shoppers. Material dropped in a bin is diverted from a landfill, but it doesn’t recycle until a business or manufacturer uses it. Consumer demand for products made by conservation-mined companies using recycled materials is essential and continues to grow. The companies are proud of what they are doing and smart enough to package their merchandise highlighting it, so make your purchasing decisions accordingly. Budget conscious buyers are rewarded.

Neighboring states enable us to earn \$3,000 – \$4,000 annually by returning bottles with a deposit value. Bottle recycling began in Oregon over 40 years ago but has been slow to catch on. Renewed interests may change that. NH House Bill 675 and a federal bill introduced by Rep. Ed Markey (D-Mass) both address the complex issues of recycling beverage containers. Stay tuned.

In 2009, residents of Dublin (about 1,550) left almost 1 million pounds of waste at the Transfer Station. The facility’s budget of \$150,000 (rounded) indicates all the waste disappeared at a cost of about \$0.15 per pound. Looking at the data from another perspective, the waste vanished for less than \$100 per resident. A look at waste categories, tonnage details, and the benefits of recycling provides yet another perspective as revealed in the Transfer Station report.

Leslie Whone

SUMMER PLAYGROUND

This summer marked another successful season at the Dublin Summer Playground. Running from June 29th until August 14th, the seven-week program was again a popular Dublin summer pastime for local children and visiting grandchildren. The Playground program is located at the Dublin Consolidated School, rain or shine. Despite intermittent cooperation from the weather, over 40 children from ages 5 – 12 were registered this summer as Playground continued to grow in its 35th year. For the sixth summer, Eliot Pelletier continued as Program Director. Campers attended the program from 9:00 a.m. – 3:00 p.m. each day, taking part in a variety of athletic and artistic activities.

Summer Playground 2009 featured some new staff as well as some new activities. Campers took part in theme weeks, where physical, artistic, and educational activities were integrated around a central topic. Themes included nature, sports, foreign cultures, and art. These activities were very popular and added educational enrichment while still maintaining a focus on active fun. Campers also helped take care of the DCS Community Garden by watering and weeding it each day.

Highlights of the summer included a trip to the Manchester Fisher Cats, a hike up Mount Monadnock, a day at Canobie Lake Park, canoeing and kayaking at Dublin Lake, and our end-of-summer cookout. Campers also got to make weekly visits to the Dublin Public Library to take part in their Summer Reading Program. Summer Playground also coordinated children's games at Dublin Days. The end of the summer culminated in a very popular Potluck Dinner in the DCS Gym, with entertainment provided by both the campers and the counselors.

Special thanks to the Dublin Community Foundation, whose donation made it possible for several Dublin children to receive scholarships for Summer Playground. In the coming months, look for information about the 2010 Dublin Summer Playground program in the *Dublin Advocate* and on the Town website.

Respectfully submitted,

Eliot Pelletier, Director.

TRANSFER STATION

The Dublin Transfer Station paid \$39,590 for the removal and disposal of:

- 282 tons of municipal solid waste
- 67 tons of bulky items and construction debris
- 2 tons of televisions and computer monitors
- 690 feet of fluorescent tubes and 45 compact bulbs
- 36 appliances that required freon removal
- 40 pounds of rechargeable dry cell batteries
- Household hazardous waste at the City of Keene Recycling Facility

Residents of Dublin who used the Recycling Facility removed 202 tons of material for recycling, thus avoiding \$18,005 in hauling fees and landfill costs while generating an income of \$11,619. Tipping Fees provided an additional income of \$7,941.

These items included:

- 104 tons of newspaper, mixed paper, and corrugated cardboard
- 52 tons of glass bottles and jars
- 30 tons of light iron
- 5 tons of steel cans
- 3 tons of aluminum cans
- 5 tons of #1 PETE plastic and #2 HPDE plastic
- 3 tons of textiles (estimate)
- 3 pallets of car batteries

In 2010 there are 24 Household Hazardous Waste days available to Dublin residents at the City of Keene Recycling Facility from 8:00 a.m. – 1:00 p.m. Dates for the fall are to be announced. The Spring dates are:

Saturday, March 20th
Wednesday, March 24th
Saturday, March 27th
Saturday, April 10th
Wednesday, April 14th
Saturday, April 24th

Saturday, May 8th
Wednesday, May 12th
Saturday, May 15th
Saturday, June 5th
Wednesday, June 16th
Saturday, June 19th

Thanks to the residents of Dublin and to Transfer Station personnel DaoNing Wang and Ray Wesoly for their participation and effort.

Respectfully submitted,

Tom Kennedy, Superintendent

TRANSPORTATION COMMITTEE

Background: The Dublin Transportation Committee was appointed by the Selectmen in December 1999 to study the traffic situation on Main Street/NH Route 101 and develop strategies for improvement. The main task has been to reduce the negative effects of Route 101 on safety, traffic flow, community life, and the environment. The reasoning and recommendations regarding traffic calming and speed enforcement put forward by the Town to the Southwest Region Planning Commission NH101 Corridor Study in November 1999 serve as the basis for Committee. Gradually, the Dublin Traffic Calming Pilot Project has been developed with input from the Town, Region, State, as well as the Monadnock Traffic Calming Foundation. The aim of the Project is to address the Dublin traffic safety concerns regarding Route 101.

General idea of the project: The objective is to make it natural to drive more slowly in the center of the Village. Today, the highway is built the same way regardless of whether it runs through residential areas of town or through uninhabited forests. This creates unnecessary traffic crashes in the center of town where driveways and side streets make the traffic pattern complicated. It also complicates local access and makes it dangerous and stressful to walk on Main Street or to cross over it.

Many Dublin residents have asked for crosswalks by Town Hall and elsewhere in the Village. Today, unless we slow the traffic, such crosswalks cannot be permitted by the State because they would make a bad situation worse. Crosswalks with today's speeds would give a false sense of security for pedestrians as many drivers would not be able to stop safely. *Thus the key is speed.* Our sight distances in the center of town are too short for the speeds we have. The only way to get crosswalks for the Village Center is to bring the speeds down closer to the speed limit. That is what the traffic calming can do effectively, safely, and with just a few seconds of delay in traveling time.

Funding: Due to the effort of the Transportation Committee and the Monadnock Traffic Calming Foundation, Federal funding for the Project was secured through two programs at the US Department of Transportation: \$300,000 from the TCSP, sponsored by US Senator Judd Gregg, and \$210,000 from the TE Program, administered and selected by the New Hampshire Department of Transportation (NHDOT). In addition, the Monadnock Traffic Calming Foundation (MTCF) generously supported the engineering of the project by retaining the firm Fay Spofford & Thorndike (FST) from 2004 into 2008. After the Town Meeting in 2008, when the Town voted to receive the federal funding for the Project, FST was hired by the Town for the final stages of the engineering and for completion of the Project.

Matching of Federal grants: The \$210,000 grant from the TE program came with the requirement of 20% local match of \$52,500). Commonly, towns pay this kind of match via their town budgets. In Dublin's case, this was not necessary, because MTCF had paid more than this sum (approx. \$118,000) for the engineering of the Project. Thus Dublin was in the fortunate

position that no money at all had to be paid by the Dublin taxpayers for the Dublin Traffic Calming Pilot Project.

Project area: The Dublin Traffic Calming Pilot Project deals with a limited area, approximately 900 feet of highway from Old Common Road in the west to just east of the current Town Oval, plus the area around the Dublin Consolidated School crossing.

Main project features: The plan involves a new mini-oval by Old Common Road (the key to slowing speed for eastbound traffic entering the Village center, new pedestrian crossings, a partial expansion of the current Oval towards its historical dimensions, granite-curbed sidewalks, trees, other vegetation, and the infrastructure for future ornamental lighting. In addition, the Project includes an overhaul of the Dublin Consolidated School crossing for the purpose of increasing its visibility, safety, and attractiveness.

Consensus building: After the financial breakthrough for the Project with the Federal grants in 2004, 2006 - 2007 were years of broad public involvement. While the Transportation Committee had organized a number of successful public meetings over the years, the public participation process intensified considerably in 2006, thanks to the State. At the beginning of 2006, the NHDOT offered the Town to be a pilot project for the Department's Context Sensitive Solutions (CSS), a new method for decision-making and consensus-building for local projects on or near State highways. All in all, there were nine broadly-attended meetings, gradually developing so-called problem statement and vision statements, evaluation criteria for project components, a Master Plan for the corridor, and a definition of the elements of the Project. The New Hampshire Commissioner of Transportation opened the first of these CSS meetings in the Dublin Public Library. The process culminated in a final meeting on February 7, 2007, when consensus was reached about the traffic calming plan.

After a great investment of time and effort by the stakeholders such as the Board of Selectmen, the Transportation Committee, Dublin Consolidated School, Dublin Community Church, Dublin Library, Dublin Fire Department, Dublin Police Department, Dublin School, Yankee Publishing, Monadnock Traffic Calming Foundation, other Town boards, local residents, regional representatives, NHDOT, and others, consensus was reached for the Project. The Town of Dublin is indebted to the NHDOT for its significant, open-minded, and gracious effort to get the Dublin Project to move from the drawing board towards implementation.

Temporary island: After a request from the Selectmen, the Monadnock Traffic Calming Foundation paid the engineering firm FST to do a design for a temporary traffic island by Old Common Road. A temporary island was in place in late summer of 2008. Measurement through speed cables showed a significant slowing of traffic in both directions, a slowing which enables the NHDOT to permit crosswalks in the Town Hall area.

It should be noted that the temporary island was esthetically very inferior to the permanent island planned for the Old Common location. It also provided less deflection (curvature of the road).

The permanent island will require a slight building out of the road southwards within the State right-of-way.

The Old Common Oak: In late 2008, it was suggested that the Old Common Oak (located at the eastern end of Old Common Road) had to come down for the Traffic Calming Project to proceed. In this discussion, strong sentiments were expressed from many residents and the Transportation Committee in favor of saving the tree. After assessing the tree, Certified Arborist Dan Tremblay wrote that it had “a good expectation of long term survival.” It turned out that saving the tree was possible with minor tweaking of the engineering plans and thus to protect this majestic tree for future generations.

Safe Routes to School: Members of the Transportation Committee wrote an application to the Safe Routes to School program to enhance traffic safety by the Consolidated School. The Monadnock Traffic Calming Foundation generously paid for extra engineering costs for this application.

Project status 2009: It became apparent in late spring 2009 that there are insufficient funds left to do the whole project. The Transportation Committee then unanimously and strongly argued that the Selectmen should do the essential traffic calming aspect of the project – the Old Common Road mini-oval that slows eastbound traffic – in a first phase. The Selectmen chose not follow this advice but asked the engineers to go ahead with just the Town Hall area without first slowing the oncoming traffic from the Keene side of the existing oval. If this plan is implemented without the slowing by Old Common Road, traffic calming will be seriously compromised, and safety may well decrease rather than be improved. The Committee is disappointed if this is the end result after 11 years of committee work, large sums raised by the Foundation as well as the Committee, and thousands of hours volunteered for the Project.

Committee status: Since April 2008, the Project has been planned and managed by the Selectmen and the Transportation Committee has not been allowed to play a significant role.

ZONING BOARD OF ADJUSTMENT

The Zoning Board of Adjustment conducted Public Hearings to review three Special Exception and two Variance applications to determine if they satisfied the criteria and conditions in the Town's Land Use Regulations.

The Board dramatically stepped up its training efforts in late 2009 by having its members participate in formal training programs conducted by Town Counsel and the Local Government Center. Board members were also provided with the latest edition of the State of New Hampshire's Handbook for Zoning Board of Adjustment officials.

Our goals and objectives for 2010 include:

- Establishing and implementing rules of procedure and adding a paid Secretary, similar to the Planning board, to handle administrative tasks more efficiently.
- Working with the Planning Board to identify provisions in the Town's Land Use Regulations which need to be clarified, updated, or deleted so they are consistent with the Town's vision on how it wants to develop physically, economically, and socially.
- Streamlining procedures and forms, including the preparation for a set of instructions for persons applying for Special Exceptions and Variances.
- Continuing to improve Board member skills through the participation in meaningful training programs.
- Improving communications between the Zoning Board of Adjustment, Planning Board, Code Enforcement Officer, and Conservation Commission to more clearly define the roles and responsibilities of each entity.

The Chairman sincerely wishes to thank all Board members for their hard work and dedication over this past year. The Board wishes to thank Bill Barker, who retired as Chairman, for his leadership and 30 years of service to the Town. The Board also wishes to thank Suzan Dennis, who retired as an Alternate, for her 20 years of service and contributions. In addition, we would like to thank Vira Elder, who is retiring as Administrative Secretary, for her commitment, hard work, and service over the past several years.

Respectfully submitted,

Joe Cavanaugh, Chairman
Daniel French
Susan Phillips-Hungerford
Mary Liz Lewis

FOREST FIRE WARDEN AND STATE FOREST RANGER

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17), a Fire Permit is required for all outside burning unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact their local fire department or DES at 1-800-498-6868 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us protect New Hampshire's forest resources. For more information, please contact the Division of Forests & Lands at (603) 271-2214 or online at www.nhdfl.org.

Spring fire season was unusually short this past year, with wet weather beginning the third week in April and lasting virtually all summer long. Consequently, both the number of fires and the number of acres burned were below the last five-year average. Due to state budget constraints, the staffing of our statewide system of 16 Fire Lookout Towers was limited to Class III or higher fire danger days. Despite the reduction in the number of days staffed, our Fire Lookout Towers are credited with keeping most fires small and saving several structures this season due to their quick and accurate spotting capabilities. The towers fire-spotting capability was supplemented this year by contracted aircraft and the Civil Air Patrol when fire danger was especially high.

Surprisingly, the largest single fire this year occurred in late November during an unusual dry spell, in the northern Coos County town of Clarksville. This fire burned 17.1 acres and is presumed to have been caused by a careless hunter. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix.

Several of the fires during the 2009 season threatened structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles and maintaining adequate green space around your home free of flammable materials.

Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local fire department, and the state's Forest Rangers by being fire wise and fire safe!

2009 FIRE STATISTICS

(All fires reported as of December 3, 2009)

(figures do not include fires under the jurisdiction of the White Mountain National Forest)

COUNTY STATISTICS		
County	Acres	# of Fires

ONLY YOU CAN PREVENT WILDLAND FIRES

Brian Barden, Forest Fire Warden

MONADNOCK ADVISORY COMMISSION

The Monadnock Advisory Commission was created by State statute and is charged to advise and guide the NH Department of Resources and Economic Development on the management of State lands on Monadnock, Gap, and Little Monadnock Mountains. State law allows the Commission to accept tax-deductible donations. MAC is a primary funding source for search and rescue supplies and equipment.

In response to the December 2008 Ice Storm, all trails on Monadnock were closed to the public until a full evaluation of the damage and subsequent clean-up could be finished. The White Dot and White Cross Trails were cleared first, due to their popularity. The clean-up work was limited to Monadnock staff, other DRED personnel, and official Monadnock volunteers because of safety concerns, conditions of the trails, and the effects of clearing them. All trails were reopened by late Spring. The campground reopened in May. Gap Mountain, Rhododendron State Park, and Annett State Wayside Area were also cleared with help from SPNHF and Monadnock volunteers.

In spite of the closures, hiking attendance and revenues increased slightly in 2009. Iron Ranger revenue helped bring additional money into the Park System. Camping attendance and income were down.

Henry Baldwin's Monadnock Guide will be re-published by Craig Brandon of Surry Books. Edits and updates worked by Monadnock managers and staff over the past ten years will be included.

The MERE project (Monadnock Ecological Research and Education), under the auspices of Antioch University professor Peter Palmiotto, continues. Among the interesting and valuable projects are a Summit Stewardship Program which educates hikers on Alpine vegetation around the summit, research on the long term effects of the ice storm, the formation of a database of plant life, and mapping of plant communities on the mountain.

Commission Members:

Ann Royce, Chair – Jaffrey
John Smith – Jaffrey
Ernie Linders – Marlborough
Polly Pattison – Marlborough

Ed Germain – Dublin
Sterling Abram – Dublin
David Adams – Troy
Donald Upton – Troy
Robin Haynes - Fitzwilliam

Official Representatives or Designees:

Ted Austin - Director of Parks
Ken Desmarais – Division of Forests & Lands
Carrie Deegan – Society for the Protection
of New Hampshire Forests
Patrick Hummel – State Park Manager
George Bald – Commissioner of DRED

THE STATE OF NEW HAMPSHIRE EXECUTIVE COUNCIL

JOHN D. SHEA
EXECUTIVE COUNCILOR

8 McIntire Road
Nelson, NH 03457
Phone: 603-847-9008

State House Room 207
107 North Main Street
Concord, NH 03301
Phone: 603-271-3632
Fax: 603-271-3633

ANNUAL REPORT FROM EXECUTIVE COUNCILOR JOHN D. SHEA

If you are interested in learning more about the work I do on the Executive Council, I issue a newsletter to all 67 Communities on the results of each meeting as they pertain to Council District Two. It is also available at: <http://www.nh.gov/council/district2/reports>

Business Finance Authority

In the past year, the Business Finance Authority (BFA) has enabled over 131 New Hampshire businesses to access over \$22 million in financing. As a result of the BFA's program 591 jobs were retained or created.

New Hampshire Health and Education Facilities Authority

For any facility requesting approval we conduct a public hearing to gather input from the community. The New Hampshire Health and Education Facilities Authority participate in the construction of borrowers' facilities. The organization was also involved in the renovation and equipping of these facilities and provides working capital and refinanced certain existing indebtedness. During the past two years, \$1.2 billion was approved for assistance to hospitals, medical centers, and schools.

Nominated Boards, Commissions, & Civil Commissions

Over 300 appointments are approved each year to various state boards and commissions. In District 2 there were 96 appointments, representing 30 communities. Additionally, hundreds of Notaries, Justices of the Peace and Commissioners of Deeds were reviewed and approved. If you are interested in serving on a board or commission please go to: <http://www.sos.nh.gov/redbook/index.htm>. for more information.

Governor's Advisory Commission on Intermodal Transportation (GACIT)

The Governor's Advisory Commission on Intermodal Transportation (GACIT) is dedicated to making government more accountable to the people of New Hampshire. For New Hampshire's Ten Year Transportation Improvement Plan we held public hearings in 10 communities from Alstead to Somersworth, NH.

The American Recovery and Reinvestment Act Funding Program

I will be sending along a progress report for each community. The current estimates are that 3,872,686 work hours have been paid for with ARRA funds. I continue to visit my 67 communities, town offices, fire, police and health centers.

ABSTRACT OF THE 2009 TOWN MEETING

The first session of the Dublin Town Meeting, election of officers and proposed changes to the Dublin Zoning Ordinance was held on Tuesday, March 10, 2009 on the Top Floor of the Dublin Town Hall. The polls officially opened at 8:00 a.m. and closed at 7:00 p.m. Timothy Clark, Town Moderator, presided. The results of the balloting are as follows:

Article 1:

Three-Year Terms:

Selectman
Library Trustee
Budget Committee

Cemetery Trustee
Planning Board
Trustee of the Trust Funds

Sterling Q. Abram
Martin Smith
Karen Eng Horgan
Peter H. Imhoff
John A. Nelson
Bruce Simpson
Richard D. Scheinblum

PROPOSED AMENDMENTS TO THE DUBLIN ZONING ORDINANCE

Article 2: Are you in favor of the adoption of Amendment #1 as proposed by the Planning Board for the Dublin Land Use Ordinance as follows:

"That the Commercial Uses Section of the Dublin Zoning Ordinance's Table of Uses be amended to include, as use #14, **Commercial Wind Farms**, that the table shall indicate that such facilities shall not be permitted in the Village, Neighborhood, Commercial or Mountain Districts, but may be allowed by special exception in the Rural District, and that the Definitions section of the Dublin Zoning Ordinance be amended to include the following definition:

Commercial Wind Farm – the erection, on a single lot, of more than one Small Wind Energy System as defined under NH RSA 674:58 or the erection of any wind energy system with a generating capacity in excess of 20 KW."

Yes 192

No 80

Article 3: Are you in favor of the adoption of Amendment #2 as proposed by the Planning Board for the Dublin Zoning Ordinance as follows:

"To adopt the Town of Dublin Floodplain Management Ordinance as proposed by the Planning Board."

The intent of this ordinance is to make Dublin eligible for Federal Emergency Management grants and to enable Dublin residents to purchase flood insurance.

Yes 244

No 27

MINUTES OF 2009 TOWN MEETING - MARCH 14, 2009
--

The business portion of this year's Town Meeting was held on March 14, 2009 at the Dublin Consolidated School. Moderator Timothy Clark thanked everyone who helped to set up for the meeting and called the meeting to order at 9:14 a.m.

Mr. Clark led those present in the Pledge of Allegiance and read the Necrology. He then recognized the contributions to the Town of Anne Anable, who passed away on February 19th. Elizabeth Harris spoke about the many contributions that Anne has made to the Town and how we would all miss her.

After Mr. Clark gave the Moderator's Prayer, the Citizen of the Year was introduced by Sterling Abram. This year the Award went to Andrew and Michelle Freeman, the owners of the Dublin General Store, for their wonderful act of civic kindness during the December 2008 Ice Storm and their overall enthusiasm for Dublin and its people. The Freemans were responsible for the free Community Dinner held at DCS during the power outage.

Moderator Clark went over the Rules of Procedure to be followed during the meeting and began the business portion of the Town Meeting.

Nancy Campbell made a motion to advance consideration of Article 20 to be taken up right after Article 6.

Carried

Article 4: "Move that the Town hear the reports of Agents, Auditors, and Committees, heretofore chosen, and to pass any vote relating thereto."

Carried

Article 5: "Move that the Town choose all necessary officers, that Brian Barden be named the Measurer of Wood and Bark and that Brian Barden, Cles Staples and Lewis Hansen be named to the Memorial Day Committee."

Carried

Article 6: "Move that the Town accept the **2009 Operating Budget** as submitted by the Budget Committee and raise and appropriate the sum of **One Million Seven Hundred Sixty-nine**

Thousand Five Hundred Sixty-one dollars (\$1,769,561), exclusive of the amounts contained in all other articles in this Warrant.”

Nancy Campbell stood up on behalf of the Budget Committee to recognize Rich Scheinblum, for his six years of service on the Budget Committee. Rich was presented with a gift, which Nancy jokingly mentioned involved no taxpayer money. Rich introduced the other members of the Budget Committee and spoke about the process of how they arrived at the proposed budget. He then gave an overview of the budget for 2009.

The following amendments to the budget were proposed:

Amendment 1: “Move that the Planning Board/ZBA budget be amended from the Budget Committee amount of \$7,443 to \$11,741 by changing the following lines in that budget:

Education & Training	from \$300 to \$750
Mileage	from \$150 to \$300
Legal – Projects	from \$1 to \$1,500
Consultant – Projects	from \$1 to \$2,000
Newspaper Notifications	from \$400 to \$600

Richard Stephens asked the question that if there was more in the budget for a particular item than what was needed, would it be spent somewhere else? The answer from the Budget Committee was “Yes.”

Amendment 1 to Article 6: Failed

Amendment 2: “Move that the Fire Department budget be amended from the Budget Committee amount of \$124,040 to \$124,955 by changing the following line:

Telephone	from \$850 to \$1,765 (Additional phone line plus DSL service)
-----------	---

Fire Chief Tom Vanderbilt explained that currently they are using a wireless router from the Fire Department to the Town Hall for their internet access. Because of changes in the State’s dispatch system, the Department now gets their information on-line instead of by FAX and a DSL line is needed so that they will not continue to get disconnected.

Amendment 2 to Article 6: Carried

As Rich Scheinblum went over the Highway Budget’s Road Construction line item, a resident brought up a question regarding the possibility of the Town receiving money from the Federal government for the types of projects being discussed. Ed Germain explained that he had talked to someone at the DOT the day before, and he was sorry to report that the answer was “No, we are not eligible.”

Amendment 3: “Move that the Welfare Budget be amended from the Budget Committee amount of \$44,055 to \$44,555 by changing the following line:

CASA from \$0 to \$500

Sterling Abram explained why some of the selectmen felt that CASA (Court Appointed Special Advocates) is a worthy cause and said that they asked CASA to send someone to the meeting to explain what they do. No one objected to hearing from a non-voter on the subject, so Peter Brame of Mont Vernon spoke about his experiences as a CASA volunteer.

Amendment 3 to Article 6: Carried

Amendment 4: “Move to amend the budget for *The Advocate* from \$2,100 to \$6,285, an increase of \$4,185.

Advocate Editor Matt Wagner explained that this would allow for an 8-page issue to be published and distributed once a month through the end of 2009. *The Advocate* expects to return \$2,000 in advertising revenue to the Town of Dublin.

It was then moved and seconded to amend this amendment.

Amendment 1 to Amendment 4 to Article 6: “Move to amend the amendment for *The Advocate* from \$2,100 to \$4,285.”

There was some discussion about what happens if *The Advocate* raises more revenue from advertising than expected. Bill Raymond, the Town Administrator, explained that any additional revenue would go into the revenue stream of the Town.

Amendment 1 to Amendment 4 to Article 6: Failed

Moderator Clark decided to move the vote for Amendment 4 to be counted with a standing vote, which is a little bit easier to read than a hand vote.

Amendment 4 to Article 6: Carried

Amendment 5: “Move to include \$1,000 for Home Health Care in the Welfare budget.

During the course of the discussion, it was brought up that anyone who was in need of this type of care and qualified for assistance could apply for welfare with the Town, and the money would come from the existing Welfare budget. Barbara Duckett pointed out that people in need of these services are not inclined to go to the Town Welfare office to ask for the services that they need.

Amendment 5 to Article 6: Carried

Amendment 6: “Move that the Conservation Commission budget be amended from the Budget Committee amount of \$4,001 to \$5,801 by changing the following lines in that budget:

Postage & Stationery	from \$45 to \$400
Maps & Photos	from \$150 to \$400
Miscellaneous	from \$0 to \$100
Lake Monitoring	from \$1,000 to \$1,700
Roadside Cleanup	from \$56 to \$62
Education Program	from \$136 to \$240
Maintenance Conservation	from \$780 to \$820
Invasives Control	from \$455 to \$700

Amendment 6 to Article 6: Failed

Rich Scheinblum stated that the budget as now presented was **One Million Seven Hundred Seventy-six Thousand, One Hundred Sixty Dollars (\$1,776,160)**.

Article 6 as amended: Carried

Following the motion made earlier in the Meeting, the next article to be taken up was Article 20.

Article 20: “To see if the Town will vote to adopt a Town of Dublin Noise Ordinance in accordance with RSA 31-39.”

This Warrant Article was submitted by petition.

Ed Germain explained how this Article came about and said that it was a rough draft and needed to go to a committee, which will hold Public Hearings. It was moved and seconded to table this Article to be discussed at a later Town Meeting. (This required a two-thirds vote)

Motion to table Article 20: Carried

Article 7: “Move that the Town raise and appropriate **Eighteen Thousand Dollars (\$18,000)** for the purchase and installation of a **Baler** for the Recycling Center and furthermore authorize the withdrawal of that amount from the **Recycling Fund**.”

Carried

Article 8: “Move that the Town raise and appropriate **Forty Thousand Dollars (\$40,000)** to paint and repair the exterior of the Town Hall and furthermore authorize the withdrawal of **Thirty-eight Thousand Dollars (\$38,000)** from the **Town Building Maintenance Capital Reserve Fund** for that purpose.”

Carried

Article 9: “Move that the Town raise and appropriate **Twenty-four Thousand Dollars (\$24,000)** to purchase and equip a new **Police Cruiser**, and furthermore withdraw **Twenty-four Thousand Dollars (\$24,000)** from the **Police Cruiser Capital Reserve Fund** for that purpose.”

Carried

Article 10: “Move that the Town raise and appropriate **Seven Thousand Five Hundred Dollars (\$7,500)** to purchase a **Slide-in Sander** for the Town One-Ton Dump Truck, and furthermore to withdraw **Seven Thousand Five Hundred Dollars (\$7,500)** from the **Heavy Highway Equipment Capital Reserve Fund** for this purpose.”

Carried

Article 11: “Move that the Town vote to raise and appropriate the sum of **Two Thousand Dollars (\$2,000)** to **repair and replace doors and windows** in the lower level basement of the Police Department building.”

Carried

Article 12: “Move that the Town raise and appropriate the sum of **Two Thousand Eight Hundred Dollars (\$2,800)** to purchase **new chairs** for use in the Top Floor of the Town Hall.”

Bill Raymond explained that the benches that were used in the past are in poor condition and are expensive to restore. The chairs in the downstairs meeting room of the Town Hall scratch up the wood on the Top Floor. The new chairs to be purchased would be made for a wood floor and there would be 25 of them.

Failed

Article 13: “Move that the Town raise and appropriate **Ninety-eight Thousand Dollars (\$98,000)** to be contributed to the **Town Capital Reserve Funds**, previously established, as follows:

- | | | |
|----|------------------------------------|--------------|
| a) | Heavy Highway Equipment | \$ 25,000.00 |
| b) | Police Cruiser | \$ 13,000.00 |
| c) | Fire Equipment | \$ 25,000.00 |
| d) | Town Building Maintenance | \$ 10,000.00 |
| e) | Bridge Repair/Replacement | \$ 20,000.00 |
| f) | Library Major Maintenance & Repair | \$ 5,000.00 |

(Recommended by the Budget Committee)

(Recommended by the Board of Selectmen)

Carried

Article 14: “Move that the Town raise and appropriate the sum of **Eighteen Thousand Five Hundred Dollars (\$18,500)** to be contributed to various **Expendable Trust Funds**, previously established, as follows:

- | | | |
|----|--------------------|-----------|
| a) | Cemetery Expansion | \$ 7,000 |
| b) | Revaluation | \$ 10,000 |
| c) | Master Plan | \$ 1,500 |

(Recommended by the Budget Committee)

(Recommended by the Board of Selectmen)

Carried

Article 15: “Move that the Town accept certain **Cemetery Trust Funds** a follows:

Sherin E. Pierce	\$400
------------------	-------

Carried

Article 16: “Move that the Town raise and appropriate the sum of **Forty-eight Thousand Dollars (\$48,000)** to **repair or replace a metal pipe culvert bridge located on Cobb Meadow Road** and furthermore withdraw this amount from the Town’s **Unreserved Fund Balance**.”

Ed Germain explained that it was voted last year to approve \$69,000 for replacing the culvert, but the Town did not get approval for it so the money went back into the account. Since then, with help from the Road Agent, it was determined that we could replace it for \$48,000. It was currently in approval at DES so there should not be any problems.

Carried

Article 17: “Move that the Town raise and appropriate **One Hundred Fifty Thousand Dollars (\$150,000)** to pay for **the removal and clean-up of storm debris left by the Ice Storm of December 2008**, and furthermore to vote to accept FEMA Grants totaling 75% of that amount, or **One Hundred Twelve Thousand Five Hundred Dollars (\$112,500)** and furthermore to withdraw **Forty-two Thousand Five Hundred Dollars (\$42,500)** from the Town’s **Unreserved Fund Balance** to pay for the Town’s share.”

(The Board of Selectmen has declared this to be a Special Warrant Article)

(Approved by the Budget Committee)

(Approved by the Board of Selectmen)

During the course of the discussion, it was discovered that there was an error in the calculation of the amounts in the Article. It was moved and seconded to vote on this Article once the amounts were corrected.

Motion to set Article 17 back until the numbers were corrected (majority vote): Carried

Article 18: “Move that the Town adopt the provisions of RSA 36-A:4-a, I(b) to authorize the Conservation Commission to expend funds for contributions to qualified organizations for the purchase of property interests, or for facilitating transactions related thereto, where the property

interest is to be held by the qualified organization and the Town will retain no interest in the property.”

Jack Lewis explained that passing this Article would allow the Town to support conservation activities (such as paying some of the expenses of putting a conservation easement on a property) without taking on responsibilities of an ownership interest, such as monitoring the property or ensuring compliance with the terms of the easement. A Public Hearing would have to be held before any such funds are expended on a specific transaction.

Carried

Article 19: “Moved that the Town change the status of a portion of Oxbow Road, a Class VI road, to a Class A Trail, beginning at a point 770’ from the centerline of the Upper Jaffrey Road where it intersects with Oxbow Road and continuing east and south to the intersection of Page Road, in accordance with RSA 231-A:1.”

This article was submitted by petition.

Story Wright, one of the petitioners, proposed the following amendment for Article 19: “and to exclude motorized wheeled vehicles there from, in accordance with the Land Use goals of the 2007 Dublin Master Plan.”

This would mean that snowmobiles would be allowed on the trail but not motorized wheeled vehicles. It was explained that wheeled vehicles cause ruts in the trail that make it difficult to walk on.

Several people were opposed to this article and spoke about property rights and the impact on the values of property along the road.

It was moved and seconded to table Article 19 for this Town Meeting.
(Two-thirds vote required)

Motion to table Article 19: Carried

The vote now went to Article 17.

Article 17: “Move that the Town raise and appropriate **One Hundred Fifty-five Thousand Dollars (\$155,000)** to pay for **the removal and clean-up of storm debris left by the Ice Storm of December 2008**, and furthermore to vote to accept FEMA grants totaling **One Hundred Twelve Thousand Five Hundred Dollars (\$112,500)** and to furthermore withdraw **Forty-two Thousand Five Hundred Dollars (\$42,500)** from the Town’s **Unreserved Fund Balance** to pay for the Town’s share and for other non-reimbursable ice storm expenses.”

(The Board of Selectmen has declared this to be a Special Warrant Article)

(Approved by the Budget Committee)

(Approved by the Board of Selectmen)

Carried

Richard Scheinblum announced that the total number for the operating budget was now \$1,776,160. We voted on Capital Reserve and Expendable Trusts raising \$116,500, and the Warrant Articles came to \$294,500 for a total of gross expenses for 2009 of \$2,187,160.

Selectman Ed Germain announced that the Aquifer Study for water quality was now complete and that the Master Plan was available for anyone who wanted a copy.

Moderator Clark reminded all newly-elected officials to come forward for the swearing-in ceremony and announced that it had been moved and seconded that the Meeting be adjourned.

Motion to adjourn the Meeting: Carried

The Meeting was adjourned at 12:32 p.m.

Respectfully submitted,

Jeannine Jadaszewski
Town Clerk/Tax Collector

Town of Dublin
State of New Hampshire
2010
Town Meeting Warrant

To the inhabitants and voters of the Town of Dublin qualified to vote in Town Affairs:
You are hereby notified that the polls will be open for voting by ballot on Articles 1 and 2
on **Tuesday March 9, 2010 from 8:00am until 7:00pm at the Dublin Town Hall, Top Floor.**

Pursuant to the authority of RSA 39:2a and the vote of the Town on March 13, 1979, all
business, other than ballot questions provided below, will be recessed until **Saturday
March 13, 2010 at 9:00am at the Dublin Consolidated School.**

Article 1

To bring the ballots for the following officers:

Selectman	1 position	3 years
Moderator	1 position	2 years
Supervisor of the Checklist	1 position	6 years
Library Trustee	1 position	3 years
Water Commissioner	1 position	3 years
ConVal School District Member	1 position	3 years
Budget Committee	2 positions	3 years
Cemetery Committee	1 position	3 years
Cemetery Committee	1 position	1 year
Planning Board	2 positions	3 years
Planning Board	1 position	2 years
Trustee of Trust Funds	1 position	3 years

Article 2

Are you in favor of the adoption of Amendment #1,
as proposed by the Dublin Planning Board, to amend the
Dublin Zoning Ordinance as follows:

To adopt the Town of Dublin Workforce Housing Ordinance, which is designed to bring the Town into compliance with New Hampshire Workforce Housing law (RSA 674:57 and 674:21) which requires all New Hampshire towns to offer reasonable opportunities for affordable housing within their boundaries. The proposed ordinance would accomplish this by empowering the Dublin Planning Board to allow an increase in density, and to waive certain zoning regulations in situations in which a developer has shown that such accommodations are necessary in order to make the development of affordable housing possible. This ordinance would apply to the Village and Rural Districts and could only be implemented if the Planning Board found that such a development would not have an unduly adverse impact on the property values of abutting properties.

Article 3

To hear the reports of Agents, Auditors, Committees, heretofore chosen, and to pass any vote relating thereto.

Article 4

To see if the Town will choose all necessary officers as well as the Measurer of Wood and Bark and the Memorial Day Committee.

Article 5

To see if the Town will vote to accept the **2010 Operating Budget** submitted by the Budget Committee and to see if the Town will vote to raise and appropriate the sum of **One Million Seven Hundred Fifty-seven Thousand Five-hundred Thirty eight dollars (\$1,757,538)** exclusive of the amounts contained in all other Articles in this Warrant.

Article 6

To see if the Town will vote to raise and appropriate **Ninety-six Thousand Dollars (\$96,000)** to purchase and equip a backhoe-loader, and furthermore to withdraw **Forty-eight Thousand Dollars (\$48,000)** from the **Town Heavy Highway Equipment Capital Reserve Fund** for that purpose.

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

Article 7

To see if the Town will vote to raise and appropriate **Forty Thousand dollars (\$40,000)** to purchase and equip a **Used Sidewalk Snow Plow/Snow Blower** and furthermore to withdraw this amount from the Town's **Unreserved Fund Balance**.

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

Article 8

To see if the Town will raise and appropriate **Four Thousand Five Hundred Dollars (\$4,500)** to purchase and equip a new **Lawn and Garden Tractor** for the Town Cemetery.

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

Article 9

To see if the Town will raise and appropriate **Twelve Thousand Seven Hundred Twenty-six Dollars (\$12,726)** to provide and install new windows and insulation at the Police Department and furthermore to withdraw this amount from the Town's **Unreserved Fund Balance**.

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

Article 10

To see if the Town will raise and appropriate the sum of **Twenty Five Thousand Dollars (\$25,000)** to convert the last bay in the **Highway Barn** into a **Wash Bay**, and furthermore to withdraw this amount from the Town's **Unreserved Fund Balance**.

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

Article 11

To see if the Town will vote to raise and appropriate the sum of **One Hundred Ten Thousand Dollars (\$110,000)** to fund preliminary engineering and design of a new bridge to replace the existing bridge spanning Charcoal Brook on Charcoal Road and furthermore to withdraw **Seventy four Thousand Dollars (\$74,000)** from the **Bridge Repair/Replacement Capital Reserve Fund** for that purpose. This is a Non Lapsing Article and will not lapse until the project is complete or December 31, 2015 whichever is sooner.

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

Article 12

To see if the Town will vote to raise and appropriate **Sixty-five Thousand One Dollars (\$65,001)** to be contributed to the **Town Capital Reserve Funds**, previously established, as follows:

a)	Heavy Highway Equipment	\$ 25,000
b)	Fire Equipment	\$ 25,000
c)	Bridge Repair/Replacement	\$ 1
d)	Town Building Maintenance	\$ 10,000
e)	Library Major Maintenance & Repair	\$ 5,000

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

Article 13

To see if the Town will vote to raise and appropriate the sum of **Eleven Thousand Nine Hundred Dollars (\$11,900)** to be contributed to various **Expendable Trust Funds**, previously established, as follows:

a)	Cemetery Lot Buy Back	\$ 2,400
b)	Revaluation	\$ 8,000
c)	Master Plan	\$ 1,500

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

Article 14

To see if the Town will vote to accept certain **Cemetery Trust Funds** as follows:

Wayne Hunt - \$200

Nancy Folsom - \$300

Article 15

To see if the Town will vote to raise and appropriate the sum of **Ten Thousand Dollars (\$10,000)** to remove and treat contamination from the storage rooms and lower level meeting room of Town Hall, and to replace and finish the sheetrock as needed.

(Recommended by the Board of Selectmen)

(Recommended by the Budget Committee)

Article 16

To see if the Town will raise and appropriate **Five Thousand Two Hundred and Twenty Dollars (\$5,220)** to fund the operation and publication of the **Dublin Advocate Newsletter** for the period April 1, 2010 to March 31, 2011 with payments to be made to the Advocate Treasurer quarterly, following review of the Advocate financial statements by Town Administration and the Board of Selectmen.

(Recommended by the Board of Selectmen)

(Not Recommended by the Budget Committee)

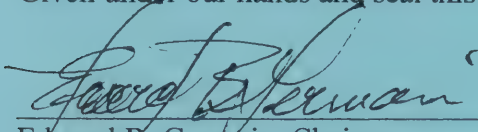

Article 17

To see if the Town will vote to approve the following resolution to be forwarded to our State Representatives, our State Senator, the Speaker of the House and the Senate President:

Resolved: The citizens of New Hampshire should be allowed to vote on an amendment to the New Hampshire Constitution that defines "marriage".

(By Petition)

Given under our hands and seal this 16th day of February, 2010.

Edward B. Germain, Chairman

Charles F. Champagne

Sterling Q. Abram
